Resident and Associate Christmas Party

Wednesday, December 14th

Christmas gathering in the
Chapel at 4:00pm. Dinner will
start at 4:30pm.
No reservations are needed.

During the eight seasons of "The Andy Griffith Show" there was only one Christmas episode, "Christmas Story" (Episode Eleven of Season One), that aired on December 19, 1960. In this episode we meet department store owner Ben Weaver (an Ebenezer Scrooge-like character) who demands that Sheriff Taylor arrest and jail Sam Muggins, a local moonshiner, even though it's Christmas Eve. Andy feels bad that Sam will be incarcerated and separated from his family on Christmas, so he brings Sam's wife and children to the jail in order for the family to be together. Andy also brings his family, along with Barney. Everyone enjoys a happy and festive Christmas celebration. Ben Weaver sees the joyful gathering and wants to be included. Ben also gets himself arrested so that Andy will place him in jail and he can be part of the Christmas fun. Ben's heart is softened by the good news of the Christmas season, that "Today in the City of David a Savior has been born to you. He is Christ the Lord!" (Luke 2:11). May the good news of Christmas, and the joyful light of Hanukkah, and the spirit of goodwill for all, bring hope, peace, love, and joy to you and those you love. God bless you during this holy season and always! -Chaplain Paul

A NOTE FROM JIM

Positive thinking is a mental and emotional attitude that focuses on the bright side of life and expects positive results.

A positive person anticipates happiness, health and success and believes he or she can overcome any obstacle and difficulty.

Positive thinking is not accepted by everyone. Some consider it nonsense and scoff at people who follow it, but there is a growing number of people who accept positive thinking as a fact and believe in its effectiveness.

We affect and are affected by the people we meet in one way or another. This happens instinctively and on a subconscious level, through words, thoughts and feelings, and through body language.

Is it any wonder that we want to be around positive people and prefer to avoid negative ones?

People are more disposed to help us if we are positive, and they dislike and avoid anyone broadcasting negativity.

Negative thoughts, words and attitudes create negative and unhappy feelings, moods and behavior. When the mind is negative, poisons are released into the blood, which cause more unhappiness and negativity. This is the way to failure, frustration and disappointment.

Positive Thinking Instructions and Advice

1. Ignore what other people say or think about you.
2. Visualize only favorable and beneficial situations.
3. Use positive words.
4. Smile a little more, as this helps to think positively.
5. Compliment others. This makes the person feel good and also makes you feel good....try it!
6. Think Happy!
7. Use inner talk of repetitive positive affirmations.
8. Walk away from Negative Conversations which are very unhealthy.

As you are reading this it is a good time to start (if you are not already) to be positive. I wish all of you a Merry Christmas and as always thank you for living here in our wonderful community, Twin Lakes.

National Issues Forum “America’s Energy Future”

Tuesday, December 6th at 10:00am in the Montgomery Room

How Can We Take Charge?

Americans depend on easy access to energy. Most of us take it for granted that we will be able to light up a room with the flick of a switch, adjust the temperature of our homes at will, and climb into our cars every morning to go to work, often at distant sites.

We use more energy than any other country. Americans make up only 4.5 percent of the world’s population, yet we consume about 20 percent of the world’s energy production. Collectively, we drive more, heat more, air condition more, and plug in more electronic devices than anyone else. We use 22 percent of the oil consumed in the world each day.

Worldwide energy use is on the upswing as well and is projected to keep increasing as rapidly developing countries, such as China, India, and Brazil, become bigger players in the worldwide market for energy supplies, especially oil. And—sooner or later—the world’s available supply of oil will run out.

To sign up for a seat, please call Ashley at X1352.

Bridge For Beginners

Would anyone be interested in teaching a Bridge Class to Residents?

Construction Updates

Central Campus IL Expansion Project – Project Update

As Danis is wrapping up the utility work on site, we are quickly approaching the mass excavation of foundations phase for the new Independent Living Building. What this phase will include is the installation of footings and foundation walls for the new parking garage, as well as a new fire door and partition in the existing parking garage. Another aspect of this phase is the demolition of the existing six independent living apartments at the tie in point of the new building. The current Welcome Center will be relocated to the Connection; however, life safety will be present at both locations.

LEC Foundation

Thank You For A Wonderful 2016

The end of the year is a perfect time to reflect on the events of this year and plan for the year coming up. On one hand, the current year is winding down and coming to a close, while the fresh new year is knocking on the door, waiting to spring through with all of its energy, excitement and possibilities.

It's a perfect time to remember with fondness, and sometimes sadness, the things that have happened to us that have helped us grow, the new friends we have made and the old ones we have shared our lives with, and how we, in a small way, have hopefully been a blessing to others and made their lives, and this world, a little better.

It's also a time to think about the upcoming year and dream about all the possibilities that exist. This is fun for me. I think about everything I want to accomplish and how I can change. I ask myself: what new subjects would I like to learn about this year? How can I be a better person this year than I was last year? How can I make a difference to my family, friends, acquaintances, and the world? I've learned that you never know what kind of an impact you will make on someone, but you can be sure that you will make an impact if you treat everyone with love, respect and dignity. This is how I try to live my life.

With that being said, as I have thought through this year, I would say it has been a great year! I have met so many wonderful, generous, and life-loving people. You have made my transition here an absolute joy, full of challenges and excitement, a lot of ups, a few downs, but most of all something to look forward to each and every day! Thank you for all you have done for me and what you have taught me! I'm looking forward to spending 2017 with you, as together we fulfill the mission of the LEC Foundation of serving each other in Christ.

Merry Christmas and may God richly bless you this upcoming year,

Dan McManus
